CONTENT MANAGEMENT

Intuitive content management tool makes it **enjoyable and effortless** for anyone to create eye-catching presentations.

Simply upload your digital assets and publish. No design experience necessary.

▶ WATCH HOW EASY IT IS TO UPDATE CONTENT

SHARE FEATURE & LEAD CAPTURE

With myShowcase, **visitors can share content directly to their emails** which allows you to capture contact information, gather data on consumer interests, and tailor your marketing to match their unique needs.
Go beyond the touch screen to stay in touch with your audience and turn viewers into leads.

WATCH A DEMO OF THE SHARE FEATURE

myShowcase captures visitor information and generates leads by allowing guests to share content of their choosing from your presentation.

Content will be sent via a cloud link or as an attachment in an email for instant access on all mobile devices.

Receive a full analytics report to track engagement, gain insights into audience preferences, send targeted follow up, and increase qualified leads.

MULTI-USER & OMNI-DIRECTIONAL INTERFACE

Elevate your presentations with the perfect solution for large touch displays and tables.

myShowcase Pro allows multiple guests to interact with different content at the same time with zero interference.

Visitors can adjust content to any height on the display for a truly customized interactive experience.
Content freely rotates in all directions to accommodate the orientations of multiple users.

Give visitors the power of choice by allowing side to side comparisons directly on the interface.
