Outside of the Box Interactive Technology

spinTouch is at the forefront of design and implementation of highly intuitive, interactive multi-touch surface technologies and beyond. We bring to life unforgettable interactive experiences that get brands out ahead of the competition and in touch with their clients

INTERACTIVE HARDWARE SOLUTIONS

1. Mozayo: Multi-Touch Table

The Mozayo is the most advanced and awe inspiring multi-touch table on the market. Featuring Pro-Cap 40 point touch, with mSkin™ technology to repel water, disperse glare, and enhance touch fidelity. This all-in-one touch table comes in two sizes to best suit your environment and engage your audience. You have the choice of a Win 7 or Win 8.1 platform to showcase a wide range of powerful applications.

Ideal For: Tradeshow, Events, Museums, Education, Innovation Centers, & Resorts.

2. iBar: Interactive Bar Top

Ideal for attracting new business to any venue or event, the iBar is the interactive hot spot for digital engagement and exciting interaction. Integrated with ground up edge-blended HD projection and optical tracking, the iBar can recognize an unlimited amount of simultaneous touch points.

We offer both off the shelf pre-built iBar systems as well as custom builds that extend up to 100 feet.

Ideal For: Tradeshow, Events, Lounges, & Night Clubs.

INTERACTIVE HARDWARE SOLUTIONS cont.

spinPanel is an affordable alternative to projection or display driven interactive surface technologies. With spinPanel you can make just about any table surface or wall a hot spot for visually stunning interaction. Each individual panel is approx 10" x 10" with 25 LED lights and sensors that easily attach to each other to create a digital surface that responds to touch with a wide range of dynamic colors and effects.

Ideal For: Lobbies, Showrooms, Play Centers, Hospitals, & Malls.

3. spinPanel: Interactive LED

AFFORDABLE
QUICK
INSTALL

4. spinWall & spinFloor

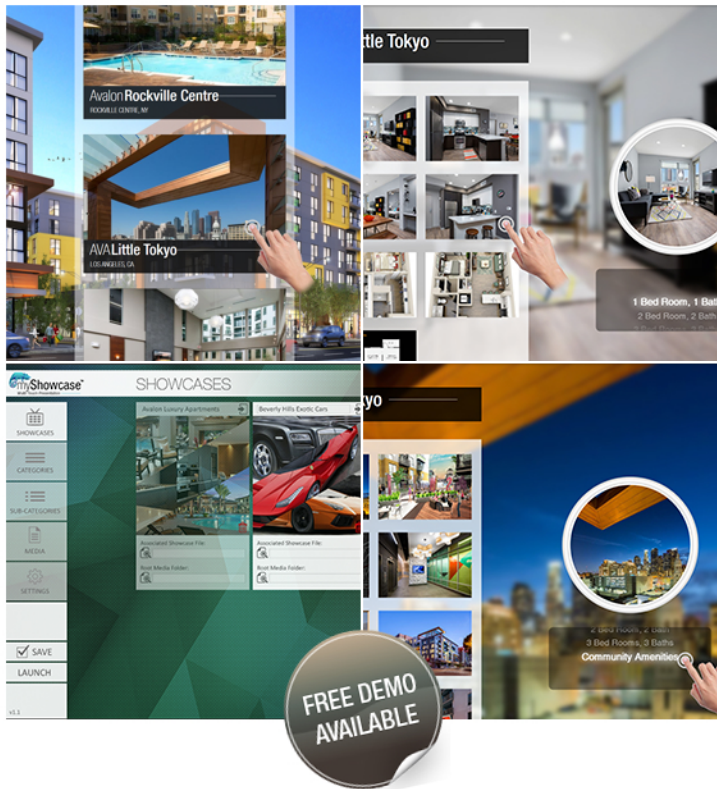

Harness the power of 3D gesture technology and ultra high-def projection to create a larger than life interactive experience for just about any environment. Take digital signage to the next level by allowing people to actively participate and engage with your content. By tracking body movements and gestures through our powerful spinWall & spinFloor system, users can control and manipulate various animations and effects.

Ideal For: Tradeshows, Museums, Events, Malls, & Resorts.

INTERACTIVE SOFTWARE SOLUTIONS

1. myShowcase™

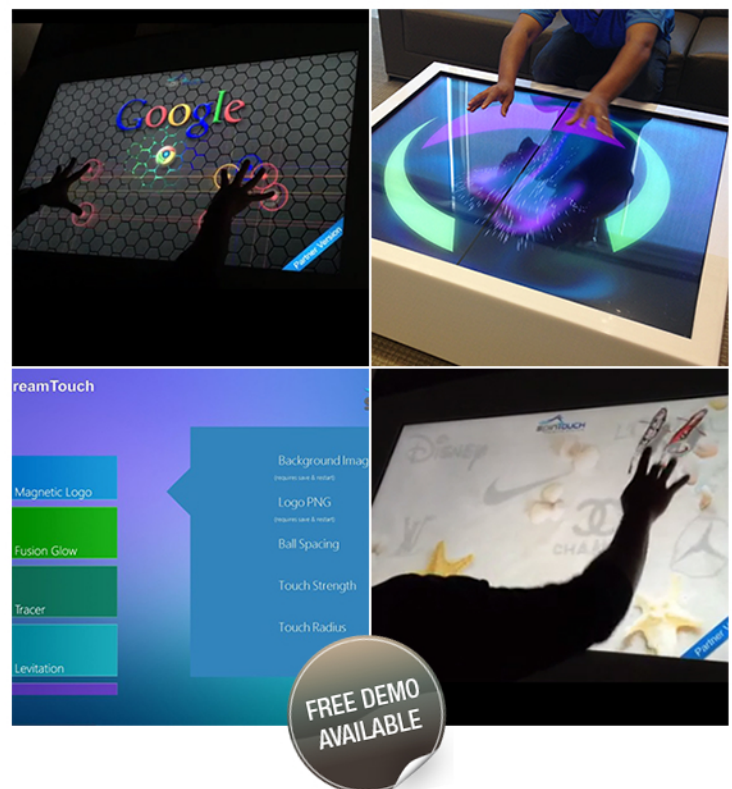

Our extensive work in touch screen UI/UX has lead up to the most powerful media driven multi-touch presentation tool that delivers unforgettable experiences for users. myShowcase™ is a content rich interactive application with a proven, vertical category wireframe all wrapped up in an easy to use content management system. Harness the power of multi-touch without having to resort to boring power points or hours of coding.

Ideal For: Tradeshows, Events, Museums, Showrooms, & Innovation Centers.

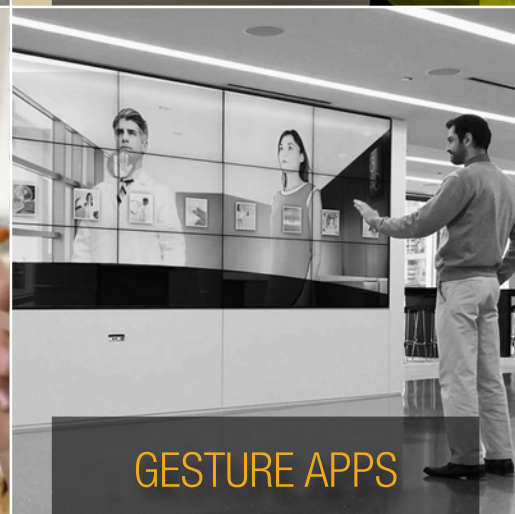

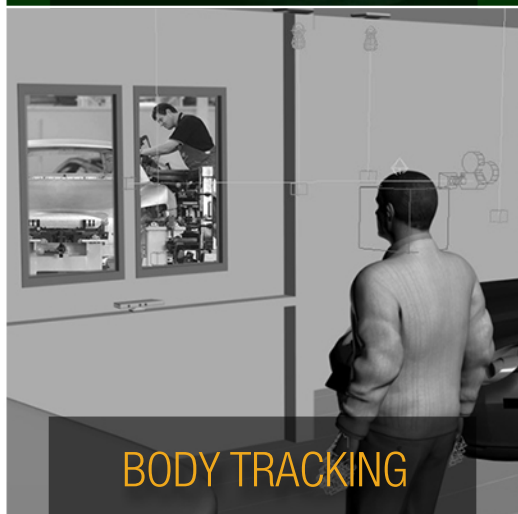

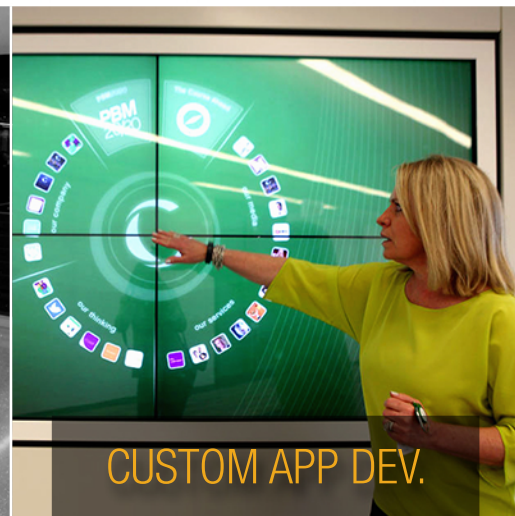

2. dreamTouch™

dreamTouch™ is the most advanced, high-fidelity animation driven interactive application featuring a hand full of exciting and engaging multi-touch effects. Upload your own digital assets with our user friendly CMS, and watch your content come to life as it manifests through a wide range of visual animations. Ideal for use on large format touch monitors, interactive bars, and touch tables. Use dreamTouch to promote your brand.

Ideal For: Marketing Events, Night Clubs, Lounges, Office Lobbies, & Resorts.

CUSTOM INTERACTIVE SOLUTIONS

INNOVATIVE FOCUS

When we say “custom”, we mean truly unique solutions that demand the attention of an audience. We are dedicated to developing **unrivaled interactive applications** that educate and empower users.

HANDCRAFTED

Our team of dedicated engineers and developers take pride in building the most **intuitive and inviting technology platforms**. Each project is crafted with the intent of becoming an interactive masterpiece.

LASTING IMPRESSIONS

We are in the business of creating one of a kind user driven experiences that get brands out and ahead of their competition and in touch with their valued clients. **You dream it, we can build it.**
