

spinTouch's NDAA Compliance (National Defense Authorization Act)

The John S. McCain National Defense Authorization (NDAA) is a United States federal law which specifies the budget, expenditures and policies of the U.S. Department of Defense. For Fiscal Year 2019, the NDAA Section 889, prohibits the U.S. government from procuring video and telecommunication equipment from certain Chinese companies and their subsidiaries.

spinTouch is proudly committed to providing NDAA compliant products and does not employ any components capable of processing software from the banned Chinese companies. Furthermore, spinTouch does not have OEM, ODM and JDM relationships with the named vendors in the NDAA.

Truly Yours,
